

## WELCOME

The St. Boni Area Community Development Group welcomes you to "Discover St. Bonifacius".

Established in 1904, St. Boni is the home of the famous Hercules Missile, as well as a popular spot along the Dakota Rail Trail.

Our mission is to promote business, encourage the beautification of St. Bonifacius and create social, cultural and recreational opportunities to make St. Bonifacius a "destination" city. In doing this, we hope to instill a sense and source of pride in our community by our citizens.
